3.5 / 11.5 (no tilt)

square / 8 ribs

metres / feet
2.5 / 8.2
3.0 / 10.0

This ingenious side post parasol range is exceptionally versatile and remarkably hard-wearing. The Piccolo boasts a 360° rotation and also a unique side-to-side tilting feature that is intelligently designed to allow the canopy to track the sun and cast the perfect shade throughout the day. The canopy fabric is attached using a quick-release system, making it a breeze to remove for seasonal changes or care and maintenance. Versatility, durability and aesthetic design all align to make the Piccolo a genuine patron of shade.

360° rotation can be achieved on the Piccolo spigot which is kept in place with index notches. The spigot can be mounted to various base systems and may also be fixed directly into position with the Free Standing, Deck Mount, Underground or Wall Mount options.
